STANDARD OPERATING PROCEDURE FOR SPONSORED RESEARCH PROJECT

Description

MEASI

Institute of Management

This SOP outlines the process and guidelines for supporting and facilitating faculty in securing, conducting, and managing sponsored research projects. It aims to promote high-quality research that generates new knowledge, addresses relevant societal challenges, and enhances the institution's research profile.

Purpose

To establish a standardized procedure for guiding and encouraging faculty to obtain external funding for their research, ensuring compliance with funding agency requirements, ethical standards, and institutional policies, and to effectively manage and disseminate research outcomes.

Objectives

- To foster a culture of sponsored research activity among faculty.
- To provide resources and support for faculty in all stages of the sponsored research project lifecycle.
- To ensure the quality, integrity, and impact of sponsored research projects.
- To facilitate the dissemination of research findings to relevant academic and stakeholder communities.
- To enhance the institution's research capacity, visibility, and impact.

Eligibility Criteria

- The research project must align with the faculty member's area of expertise and the institution's research priorities.
- The project must have the potential to generate new knowledge, address a significant research problem, or contribute to societal benefit.
- The project proposal must be eligible for funding from external sources (government agencies, foundations, industry, etc.).

MEASI

Institute of Management

- The faculty member must be eligible to serve as a Principal Investigator (PI) according to institutional policies and funding agency guidelines.
